MEMORANDUM FOR: Deputy Director for Intelligence  
Deputy Director for Support

SUBJECT : Automatic Dissemination

I regret the delay in my review of this subject, but I have finally concluded with the attached draft memorandum which, in the absence of a most persuasive showing to the contrary, I propose to present to the Director in the near future. I would suggest that the two primarily interested parties might wish to accompany me when it is presented. I have few doubts that I can receive your comments on this shortly.
